More Good News!

FORT DONELSON CAPTURED

We have just learned that the U S troops have captured Fort Donelson No particulars

VERY LATEST —Norfolk has been put under martial law, and volunteers to to defend the city are called for in vain

French troops are being rapidly dispatched to Mexico

The Eighth Wisconsin are besieging Fort Donelson on the Cumberland River

Chicago Christian Times office (Baptist) burned on Thursday Contributions called for at once

The 9th and 13th Wisconsin are ordered to Fort Scott, 110 miles south west of Leavenworth

Juarez has proposed terms of peace to the allies which were rejected

A newspaper correspondent reports the sickness among the allied troops in Mexico as frightful

The rebel schooner Victoria sailed from Havana on the 7th, with a cargo of guns and ammunition

Miramon, on arriving at Vera Cruz from Havana, was arrested by the British Admiral for a former robbery of British legation in Mexico

Official despatches from Lieut Phelps commanding the gunboat Conestoga confirm previous reports of the result of the Tennessee expedition The steamers burned by the rebels were laden with military stores Two hundred stand of arms and a considerable quantity of clothing and stores were captured and the entire equipment of Col Crews at Savannah Lieut Lieutenant Phelps also reports finding the Union sentiment very strong along the river

The Tribune's Washington correspondent says General Stone is said to have stolen interviews with rebels, and that a pledge was, on at least one occasion seen to pass from him to them Rebel flags on frivolous pretexts received passes which covered trunks not to be examined

The greatest activity prevails at Fort Leavenworth in preparations for the expedition to start from here under Gen Hunter Troops and supplies are being concentrated in the southern portions of the State, and instructions appear favorable for an early advance

Hong Kong papers are filled with accounts of rebel atrocities at Ningpoo, which took place on the 8th Dec and was followed by sacking, burning and murdering

The French Admiral with the British and American Consuls had effected the breaking up of the customs establishment at Ningpoo, causing the withdrawal of the mercenaries subsequent to the 8th of Dec, to be returned

The Great Victory

Achieved by the Union expedition at Roanoke Island opening as it does the way to the speedy crushing out of the rebellion in North Carolina and Virginia is crowned with the brilliant campaign in Tennessee and recent us to believe that all but the Cotton States will be back into the Union within thirty days, and that the back bone of Dixie will be broken before June.

The Volunteers and their Families — At the May session of the Legislature an act was passed to pay $5 per month out of the State War Fund to the family of an Infantry Volunteer The act was somewhat loosely drawn but the intention was to pay the amount for those only which families dependent upon them for support that is to say, the wife or guardian A wife, with or without children, or the guardian motherless children That was the intention, but, as we said before, the law was vague Now, the Legislature is asked to extend the same benificent measure to all other branches of the service and to restrict and define its application, at the very outset is met with a determined opposition in the Senate in part too from the very men who helped rush thro' the original act without that scrutiny or examination One old fogy from Walworth, (Abolition Spooner) has the boldness to aver that not one thousand last Mustered that over 5 000 or 6 000 men would be called from Wisconsin and therefore no obligation exists to induce the State to continue the demoralizing bounties upon her people recommended to be paid because they had contracted in the pledged faith of the State to provide for her dependent families It is quite likely that Senator Spooner and others of his stamp who have so blandly and persistently misrepresented the courage and resources of the Southern People actually believed they could march a few Brigades from Chicago to New Orleans, and from the Potomac to the Gulf on each of the rebellion in a few months but thinking men and consistent supporters of the Union the Constitution and the Laws widely differ from him

Another Senator (Clark of Dodge) is also down on the arrangement—has been connected with the Army—thinks $5 per month and found is good enough pay for a Volunteer Soldier—knows a case or two who only expend $20 a month out of his pay—and, ergo the whole thing was wrong! Our Volunteers the great majority of whom have abandoned gainful employment and comfortable homes in many to squelch out the rebellion will feel their arms strongly nerved and endure hardness as a good soldier by the views of prominent law makers

There is a medium in this matter which should be reached by the Legislature at once Five dollars per month should be paid to the wife of every Volunteer upon her affidavit that she needs it for her

The people of the State of Wisconsin, represented in Senate and Assembly, do enact as follows:

Sec. 1. NEW MODE OF PLANTING TREES.—The following mode of planting trees has been acted on with success by a Bohemian horticulturalist. In place of using the process of grafting, he takes an off-shoot of any fruit tree and plants it in a potato, both being carefully placed in the soil, so that five or six inches of the shoot shall be out of the ground. The latter takes root, grows with rapidity and produces the finest fruit.

Major Jack Downing once said to General Jackson: "General, I have always observed that those persons who have a great deal to say about shedding their last drop of blood are mighty particular about the first drop."

A Captain from a Niagara county, N. Y., company, sent home $100 to his brother, residing in Lockport, directing him to settle all demands against him, as a movement South was expected and he did not know what might occur. The $400 was for his regular pay.

A daughter of Mr. Perkins, of Paris, Kenosha county, had her feet badly frozen last week as to render amputation necessary.

AXES, AXES.

FIFTY AXES for sale by GEO. PAYZANT.

NOTICE.—We are daily receiving orders to send by mail some one or more of Dr. Hurd's Dental remedies, which we cannot fill. None are available except the Neuralgia Plaster, which we send in an envelope on receipt of Price (15 cents) and one stamp. But to accommodate persons in places where the druggists and storekeepers are behind the age, we have put up packages in white embossed boxes, seven inches by four, with compartments—each box containing a bottle of Dr. Hurd's Mouth Wash and Tooth Ache Drops, a box of Tooth Powder, the Neuralgia Plaster, and a valuable little Treatise on Teeth and their Diseases, the best means of preserving them, and proper treatment of Children's Teeth, worth of itself the entire cost to every young man or woman, or parents with young children; with sundry other necessary articles; price for package one dollar, or six packages for $5, sent by express as directed. As the Express charges are not much, if any, more on a dozen than on one, it is far cheaper to order six or a dozen packages at one time. A large family will want all, or the surplus can be disposed of to neighbors with profit to benefit, for no one can estimate how much pain, suffering, unhappiness, and disfurnishment, expense, loss of time and money would be saved to the country if every family to day had one of these packages, which, it is to be hoped is a complete set of Dental Remedies. Address WM. B. HURD & Co., Tribune Building, New York, and write name and address plainly. When remittances may be made with confidence. W. B. H. & Co. refer to the Mayor of Brooklyn, C. W. GRIFFIN, President of the Farmers and Citizen's Bank, Brooklyn; to the Editor of the American Mutual Protective Guardian; to Dun, Cue & Co., Publishers' Agents, New York; to P. T. BARNUM, Esq., who knows a good thing when he sees it, and who has ordered a second supply.

1000 AGENTS WANTED

To introduce the Hon. W. B. HURD Remedies into every County. Men or ladies who want to make money quickly, can do better with these articles than anything in market. They are new, useful, and cheap, and we are spending thousands of dollars in advertising them for the benefit of agents. Every family, comprising a dozen of the articles above specified, with circular and terms, sent on receipt of seven dollars, about half price, to any person wishing to test the matter or become an agent with the view of becoming one at once. They can be sold in a day. ☞ We would rather give valuable Commissions to those who prove themselves efficient salesmen.

☞ Now is the time to order. Enclose, for address and references see above.

Wm. B. Young & Co., General Agents for the North west, 115 Lake St. Chicago, Ill.

19 Newhall House, Milwaukee, Wis., J. A. French agent.

THE GROVER & BAKER SEWING MACHINES are now preferred to all others for family use, for reasons

THE GROVER & BAKER'S SEWING MACHINES are more simple and correctly learned, and less liable to get out of order than any other.

THE GROVER & BAKER SEWING MACHINES make the strongest seam known, and one that will not RIP or RAVEL through every fold of cloth.

THE GROVER & BAKER SEWING MACHINE sews from two ordinary spools, and thus all trouble of winding thread is avoided, while the same machine can be adapted at pleasure by a mere change of spools to all varieties of work.

THE GROVER & BAKER'S SEWING MACHINES are simple, durable, speed and capacity, with equal facility.

THE GROVER & BAKER SEWING MACHINES make an elastic seam which is free from all liability to be broken in wearing, ripping or otherwise.

THE GROVER & BAKER'S SEWING MACHINES make a stitch that is more beautiful than any other made, either by hand or machine.

THE GROVER & BAKER SEWING MACHINES allow the work to pass directly over the table, so that the operator can readily see in the right place, and feed exactly where every stitch is sunk, and the labor can be easily guided the whole length.

THE GROVER & BAKER SEWING MACHINE is needed

In every farmer's family,
In every mechanic's family,
In every merchant's family,
In every professional man's family,
In every family where it is desirable to make sewing easy, pleasant and profitable.

The above views were carefully considered prior to being published, and are not deemed beyond the truth as many families but the recent reduction in prices brings them within the reach of all.

The following are now the prices of the leading styles:

Spermatorrhœa, or Seminal Weakness, and General Debility in either sex

This Malady the fruitful consequence of which are too well known to require more than a Reference to them, is one of the most fatal and formidable diseases of all the long catalogue of human ills. It saps the very sources of life, rapidly undermines the constitution, and sinks the unhappy victim into premature grave! From one to six boxes of the Specific Pill are generally sufficient to effect a perfect cure in the most aggravated cases, whether Constitutional, or arising from Abuse or Exposure.
